Introduction

Thanks to all CMSA members who have sent information for this newsletter. Please send news as soon as you have anything of possible interest to CMSA members and the Combinatorial Community, even if no newsletter is imminent! Please email the Newsletter Editor (Kevin McAvaney): kevin.mcavaney at ozemail.com.au

CLOSING DATE for Issue 38: 30 September 2013. (Please email items to the newsletter editor ONLY in plain text.)

Old newsletters can be found here.

Aims of the newsletter

- To promote combinatorics within Australasia.

- To provide a forum for sharing combinatorial and related information.
- To keep CMSA members informed and in touch with combinatorial and related matters.

Workshop and conference announcements

57th Annual Meeting of the Australian Mathematical Society

The 57th Annual Meeting of the Australian Mathematical Society will be held at the University of Sydney from 30th September to 3rd October, 2013.

There will be a Special Session for Combinatorics at which Prof Nick Wormald will be the keynote speaker.

The Australasian Journal of Combinatorics

The website for the Australasian Journal of Combinatorics is <http://ajc.maths.uq.edu.au/>.

The Journal is published three times per year: in February, June and October. CMSA Members are entitled to a \$10 discount per volume.

There is a search facility for past authors and for keywords in the titles of papers. Instructions to authors are also available at this website.

The contents of all volumes, 1 to 56, are listed at the above web page. We also now have free public access to the full papers in Volumes 1 to 44 inclusive. All but the last four years are available for free.

The CMSA Council recently confirmed that the production of paper copies of the journal will cease from 2014, so Volume 57 (October 2013) will be the last *paper* volume. From the start of 2014, the journal and all back issues will be available *free* online to all, with no costs involved for either authors or readers.

Recent blogs by Peter Cameron (Honorary Editor) <http://cameroncounts.wordpress.com/tag/diamond/> and by Gordon Royle (Chief Managing/Production Editor) <http://symomega.wordpress.com/2012/08/14/australasian-journal-of-combinatorics-goes-diamond/> have reported this change as a move to "diamond open access". As Peter says, "Send your best papers to diamond journals."

Submissions to the Australas. J. Combin. may be sent to ajc@maths.uq.edu.au. Only pdf files are required at submission stage. For submissions on paper, please check the journal's website.
