Workshop and conference announcements

44ACC December 2022

The 44th Australasian Combinatorics Conference (44ACC) will be held entirely online using Zoom and hosted by the University of Otago, New Zealand, 12–15 December 2022. A conference website with further information should be available in August.

The conference programme will mimic a traditional physical conference with presentation times planned for 1100–1400 and 1600–1900 NZDT. It will include invited talks, contributed talks, a presentation of the CMSA Anne Penfold Street Student Prize for the best student talk at the conference, and the CMSA Annual General Meeting.

Researchers in any area of discrete mathematics and its applications are warmly invited to attend and contribute a talk. Local groups may wish to organise attendance in a meeting room with projection facilities to promote discussion and create a conference atmosphere.

Organising Committee: Michael Albert, Nick Cavenagh, Marston Condor, Jeanette McLeod.

AustMS2022 December 2022

The 66th Annual Meeting of the Australian Mathematical Society will be held at the University of NSW, Sydney, 6–9 December 2022. There will be a special session on Combinatorics, organised by [Catherine Greenhill](#) and [Anita Liebenau](#). Why not attend and give a talk? Please email the session organisers if you are interested in giving a talk. More information on the [conference website](#).
